

**To:** Joint Steering Committee for Development of RDA  
**From:** Kathy Glennan, ALA Representative  
**Subject:** Recording numbering for a series (2.12.9.3)

ALA thanks CCC for this proposal to align the wording of 2.6.1.4 (*Recording Numbering of Serials*) with 2.12.9.3 (*Recording Numbering within Series*). We agree with the suggested changes, although we observe that these are only editorial in nature. In spite of CCC's assertion in their justification paragraph, we believe that the current wording of 2.12.9.3 does not result in transcription of series numbers.

Additionally we note that the final paragraph will be impacted by whatever the JSC decides about clarifying the use of "transcribe" or "record" with the phrase "as it appears".
