

To: Joint Steering Committee for Development of RDA
From: EURIG
Subject: Removing lists of terms from the Medium of Performance (6.15) instructions

EURIG thanks the JSC Music Working Group for this proposal.

EURIG agrees with the proposal, but for the purpose of internationalization of RDA, we would like to suggest that the IAML database for Medium of performance (http://www.urfm.braidense.it/risorse/searchmedium_en.php) is cited as the first reference tool for Medium of performance.
