**Subject: Repositioning the relationship designator “Screenwriter” from I.2.1 to I.2.2**

CCC thanks the European RDA community for the considered proposal.

CCC agrees with moving the relationship designator “Screenwriter” to I.2.2.

CCC sees a distinction between the two separate roles. When cataloguing an actual screenplay, the creator is an author. The existing relationship designator ‘author’ captures that role satisfactorily. When cataloguing a movie, the screenwriting credit should have a relationship designator from Other Persons, Families or Corporate Bodies Associated With a Work, I.2.2.
