Subject: Language and Script instructions for Chapters 6 and 7

The text below reflects the decisions made by the RDA Steering Committee during its November 2016 meeting.

The issues in the original proposal regarding 6.8 Identifier for the Work, 6.13 Identifier for the Expression, 7.9 Dissertation or Thesis Information, and, 7.11 Place and Date of Capture were of a more complex nature; those issues and the impact of the IFLA Library Reference Model need further discussion.
