Subject: Additions and revisions to *RDA* 2.15.3, Plate Number for Music

ACOC thanks the Music Working Group for this proposal and agrees to the proposed changes to RDA 2.15.3, Plate Number for Music. ACOC notes that the proposed changes use the wording of the RDA Toolkit before the revisions outlined in RSC/Sec/3, and that the changes will need to be updated to reflect the August 2016 iteration of instructions.

ACOC further notes that although the examples at 2.15.3.3 include a *range* of plate numbers the instructions do not indicate that a range should or can be included, and suggests that ranges be included in the instructions on recording plate numbers for music.
