Purposes

Parsifal will (try to)

- publish the catalogs of the URBE consortium in a compact and innovative way thanks to clusterization down to the bibliographic level
- improve the use of RDA in bib and auth records (application profile)
- improve quality of access points, starting from names and works
- introduce a new level of cooperation among our cataloguing agencies, respecting nature and differences of each institution
- introduce new URI's for ecclesiastical entities, especially religious corporate names
- cooperate with NSBNCF Nuovo Soggettario Biblioteca Nazionale Firenze
- ...
