Subject: Formal response to RSC/ReligionsWG/2023/1 – Religious titles

General remark

The proposal seeks to eliminate a set of options that are specific to certain religions.

The Background chapter at the proposal includes the following statement:

“Instructions on the inclusion of titles for specific religions should be community based and not part of base RDA.”

It would be important if communities with the same or similar religious background/tradition could find a suitable way to collaborate to apply the same instructions for titles where possible.
